## Agenda Item 1.0 Consider Approval of Professional Services Agreements for On-Call Engineering Services

Mr. Heidgerken explained these contracts are with a pool of Engineering firms for on-call services to perform work for the district. Each contract has a maximum not to exceed amount of \$100,000 but the intent is not to spend that full amount with each firm. Each of the firms brings a different area of expertise and availability so have several provides more flexibility to staff for contracting.

Commissioner Rubitschun asked if Mr. Bjornstedt went to work for one of the on-call firms (West Yost).

#### **MOTION:**

Commissioner Angier move to award professional Services contracts to Carollo Engineers, Consor North America, Kennedy/Jenks Consultants, RH2 Engineering and West Yost Associates, for on-call engineering services, each for the not-to exceed amount of \$100,000 and authorize the General Manager to sign the completed contracts. Commissioner Danel seconded the motion

#### **MOTION CARRIED 5-0**

**Ayes:** Angier, Danel, French, Garrison, Rubitschun

Nays:

Abstentions: None

## Agenda Item 2.0 Consider Approval of Contract Amendment and increase to the not-to-exceed amount for City Wide Facility Solutions

Mr. Heidgerken shared that the Board has previously approved the janitorial contract, the request before the Board is to approve an increased not to exceed amount so that staff can utilize their services for other projects outside of straight janitorial and supplies. The increase will also bridge the gap from the original estimate for supplies to the actual costs realized.

Commissioner Garrison asked if the janitorial staff have background checks

#### MOTION:

Commissioner Angier move the Board approve a contract amendment with City Wide Facility Solutions Janitorial Services increasing the not-to-exceed amount of the contract to \$105,000 per year and authorize the General Manager to sign the contract. Commissioner Danel seconded the motion

#### **MOTION CARRIED 5-0**

Ayes: Angier, Danel, French, Garrison, Rubitschun

Nays:

Abstentions: None

## Agenda Item 3.0 Consider Approval of increase to the not-to-exceed amount for contract work provided by Portland Engineering

Mr. Heidgerken shared with the Board that there is a current contract in place with Portland Engineering to provide on-call SCADA support. Additionally, beyond

04140399-1 Page 2 of 4

SCADA support, staff desires to contract with Portland Engineering to assist in preparation for the upcoming SCADA Masterplan since they have knowledge of the system since they have already been working to support staff.

#### MOTION:

Commissioner Angier move the Board approve an increase to the not-to-exceed amount of the contract work provided by Portland Engineering to \$170,000 per year. Commissioner Danel seconded the motion

#### **MOTION CARRIED 5-0**

**Ayes:** Angier, Danel, French, Garrison, Rubitschun

Nays:

Abstentions: None

#### Agenda Item 4.0 Management Report

- The Board received an audit letter from Moss Adams CRW's audit firm; a monthly report; a copy of the October utility bill insert; and the Regional Water Providers Consortium Annual report
- Staff completed the Service Line inventory update project ahead of the due date and filed the information
- There will be no October work session or any more work sessions for the remainer of the year
- CRW offices will be closed Monday November 11 to observe Veteran's Day
- Staff participated in the Great Shakeout drill on October 17
- Ben Allphin joined the staff as a Water Works Mechanic and Rob Shillz joined the staff as a Water Treatment Specialist
- Commissioner Rubitschun asked about the Satellite imaging of the district for leak detection and if this project has been completed. The summer imaging was completed and the next set of images will be conducted next summer

#### No public comment- None

#### Agenda Item 6.0 Commissioner Reports and Reimbursements

Commissioner Angier attended the RWPC Board meeting on 10/9, they passed the by-laws; City of Newberg left the Consortium, and the Board had to address how to cover the loss of the dues from Newberg. Commissioner Danel & French attended the Oregon City Business Alliance lunch where drinking water was the focus. Commissioner French attended the Sunrise Water Board Meeting, C-4 meeting and the Oak Lodge Board meeting

## Agenda Item 7.0 Consider Approval of Additional Cost-of-Living increase for the General Manager

The Board discussed the additional COLA for the General Manager. Commissioner Rubitschun suggested that additional COLA would be given once his direct reports receive their performance reviews. Commissioner Angier agreed that the COLA increase was reasonable and suggested this should be done soon. Commissioner Danel supports the additional 2% COLA increase to match management and increase the vacation accruals by an additional 5 days per year. Commissioner

04140399-1 Page 3 of 4

French suggested keeping the increase on track with management COLA's. The proposal of an additional 2% COLA and 5 additional vacation days per year will be brought back to the Board in November for a vote.

Open meeting is adjourned 7:05pm

#### Regulatory

All 73 samples collected and analyzed for the September monitoring period showed no presence of coliform/*E. coli* bacteria.

#### **Cyanotoxin Testing**

Microcystin and Cylindrospermopsin sampling of our raw water began in May and occurs every two weeks through October for compliance, and the samples are analyzed at our in-house accredited laboratory.

No cyanotoxins have been detected in our raw water.

#### **Non-Regulatory**

General water quality parameters (pH, temperature, chlorine, TDS, hardness, alkalinity) were collected throughout the distribution system at 16 locations in the North and South systems.

Monthly watershed sampling was conducted at 4 long-term sampling locations for total organic carbon, nutrients (nitrate/nitrite, total phosphorus, orthophosphate, etc.), coliform density, pH, dissolved oxygen, TDS, and temperature.

Weekly algae monitoring is occurring at 3 locations in the North Fork Reservoir and CRW's intakes. This work includes species monitoring with the FlowCAM and nutrient analysis.

- The current Clackamas River 7-day average streamflow is 78% of normal (median).
- **September precipitation in the Clackamas basin was 74% of normal.** Precipitation since the beginning of the water year (October 1 September 30) has been 101% of normal.
- The three-month outlook (Oct-Dec) from the NOAA Climate Prediction Center calls for equal chances of above and below temperatures and a slightly elevated chance of above normal precipitation for Western Oregon.
